Introduction

Shunik Exports is a trusted supplier and exporter of agricultural and food products from India. With strong sourcing networks and reliable processing partners, we focus on delivering consistent quality products to international markets. Our structured quality checks, transparent trade practices, and efficient logistics coordination allow us to serve global buyers with confidence and reliability.

Why Choose Us

- Strong sourcing network with reliable suppliers
- Consistent product quality and inspection processes
- Competitive export pricing and transparent trade practices
- Efficient export documentation and logistics coordination
- Commitment to long-term buyer relationships

Export Market Countries:

We currently export our products to multiple international markets including:

Middle East, Africa, Europe, Asia, North America

About Us

Shunik exports is a professionally managed export company specializing in the supply of agricultural commodities and food products to international markets. The company works closely with trusted farmers, processors, and logistics partners to ensure reliable sourcing and consistent product quality. Our focus is on building long-term partnerships with global buyers through transparency, efficiency, and dependable supply.

Company Journey / Timeline

Year 2020 – Company Established

Year 2021 – Expanded sourcing network and supplier partnerships

Year 2022 – Strengthened quality inspection and supply chain processes

Year 2023 – Entered international export markets

Year 2024 – Expanded global buyer network and export operations

Vision

To become a globally trusted supplier of high-quality agricultural products known for reliability, transparency, and sustainable sourcing practices.

Mission

- Deliver consistent quality products to international markets
- Build long-term relationships with global buyers
- Maintain transparent and ethical trade practices
- Ensure reliable and timely export operations.

Company Responsibility

We believe in responsible sourcing, fair partnerships with farmers and suppliers, and maintaining ethical business practices. Our goal is to create sustainable value for our partners while contributing positively to the agricultural supply chain and the communities we work with.

Testimonials:

Working with Shunik exports has been a great experience. Their product quality and shipment reliability have always met our expectations.
